

Pharmacy benefit summary

Optum Rx manages the pharmacy benefit for **Bryant University** employees and covered family members.

Your pharmacy benefit at-a-glance:

Benefit	HDHP Plan ^{1*}	
	Retail (30-day supply)	Mail (90-day supply)
Tier 1: Generic Rx	\$5	\$12.50
Tier 2: Preferred brand Rx	\$35	\$72.50
Tier 3: Non-preferred brand Rx	\$60	\$135
Specialty ²	\$5-\$60	

*Copays after deductible is met.

1. HDHP Plan: Deductible = \$1,750 Individual/\$3,500 Family. Out-of-pocket max = \$3,000 Individual/\$6,000 Family

2. Specialty prescriptions are limited to a 30-day supply

Finding a network pharmacy

You can choose where you fill prescriptions. Use a network pharmacy for your plan's best price. Your health plan's pharmacy network has:

- Major chains
- Grocery store pharmacies
- Independent pharmacies
- Home delivery options
- 90-day prescriptions filled at a retail pharmacy
- Specialty pharmacy options

Visit optumrx.com and use the Pharmacy Locator tool.

Prescription delivery options

You have choices on where to fill prescriptions you take regularly. You have the option to fill at a retail pharmacy or have them mailed to your home. It's up to you. Optum® Home Delivery is one of your network options. There may be other options in your network. Sign in to optumrx.com to find out more.

What medication does the prescription drug list include?

The list has common medications placed into cost levels called tiers. Use the drug list to see what your plan covers. Or you can also find out if a medication has a generic. And learn if there are any plan requirements like prior authorization or quantity limits.

Ask about lower cost options

If a prescribed medication is in a higher cost tier, ask your doctor if a lower cost option will work for you. A similar drug or generic version can often work just as well.

Why could my coverage or cost change?

Here are a few reasons why your coverage could change:

- A change in your yearly deductible.
- Medications may move to another tier.
- Medications are no longer covered.
- You may have to get a prior authorization from your plan.
- You may need to try other medications first (step therapy).
- Medication may only be covered in certain quantities (quantity limits) or for a limited time period.

What is a prior authorization?

Prior authorization (PA) is an approval the plan gives before some prescriptions can be covered. We need some details from your prescriber before we determine if it can be covered.

What medications need a PA?

- Your pharmacist will tell you if you need one.
- You can call Optum Rx at the number on your member ID card.
- You can also look online.
 - Sign into optumrx.com > *Member tools*
 - Click on *Drug pricing and information*

- Enter the drug name and dose
- If the drug/dose you entered needs a prior authorization, you will see an alert below the drug name.

What do I do if my medication needs a PA?

To begin the PA process, you can:

- Let your prescriber know that a PA is needed. They will submit the required information to Optum Rx.
- Call the number on your member ID card. We can help you get started.

How long does it take for a PA to be approved or denied?

It usually takes up to 24 hours after all needed information is in. Some requests need extra review and may take longer.

PA decisions

Once a review is done, you and your prescriber will get a notice with the decision.

- Check the status of your PA online. Sign into optumrx.com > *Benefits and claims* > *Prior authorization or exception request*.
- **APPROVED**
You can keep filling your prescription at the pharmacy as usual during the approved PA period.
- **DENIED**
If your request is denied, you and your prescriber may choose another covered medication. You may also be able to file an appeal.

Specialty pharmacy support

Some long-term health conditions – such as multiple sclerosis, rheumatoid arthritis or cancer – require specialty medications. They need to be sent quickly, safely and securely.

Find a pharmacy to fill a specialty prescription

You have choices on where your specialty medications are filled.

Optum® Specialty Pharmacy is one of the options in your plan's network. Sign in at optumrx.com > *Member tools* > *Pharmacy locator* to find a specialty pharmacy in your network.
