

Bryant University Office of Financial Aid 2025-2026 Dependent Student Verification Worksheet

Your 2025-2026 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before awarding Federal Student Aid, we may ask you to confirm the information you and your parents reported on your FAFSA. To verify that you provided correct information, the financial aid administrator at your school will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You and at least one parent must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid administrator at your school. Your school may ask for additional information. If you have questions about verification, contact your financial aid administrator as soon as possible so that your financial aid will not be delayed.

- The student's siblings if they live with the student's parents (or live apart because of college enrollment), they receive more than half of their support from the student's parents, and they will continue to receive more than half their support from the student's parents during the award year.
- Other persons if they live with the student's parents; they receive more than half of their support from the student's parents; and they will continue to receive more than half their support from the student's parents during the award year.

The provided criteria for "dependent children" or "other persons" mirror the requirement that family size align with those the parent could claim as a dependent on a U.S. tax return if the parent were to file a U.S tax return at the time of completing the 2025-2026 FAFSA. As a result, the parent should not include any unborn children in the family size.
