This is a summary of benefits. The information shown here is not a guarantee of payment. Payment is based on the Delta Dental allowance for each service. Refer to the Certificate of Coverage for the full plan terms. The Certificate includes any limitations or exclusions not seen here. For a complete listing of frequencies and limitations go to deltadentalri.com/el. To be covered, services must be dentally necessary and appropriate as per our review guidelines.

Note: If covered, crowns, bridges, partials and complete dentures are paid when the permanent structure is inserted (seated) by the dentist. Member coverage must be active on the date that the permanent structure is inserted and payment is based on benefits available on that day — for example, if the member's annual maximum has been paid prior to the insertion of the permanent structure, the service will not be paid.

* Time limits on services (e.g. 6, 12, 24, 36, or 60 months) are figured to the exact day. Services are then covered the following day. For example, when a service is covered once every 12 months, if the service was done on July 1, it will not be covered again until the following year on July 2 or after.

Out-of-Network Coverage

You have the freedom to choose any dentist, but it is important to know that your out-of-pocket costs may be higher when you visit a dentist who does not participate in our network. Non-participating dentists have not agreed to accept the Delta Dental allowance as payment in full, so services from a non-participating dentist may cost you more. You may also have to pay the dentist at the time of service and file a claim yourself. To be eligible, all claims must be filed within one year of the date of service. To find a participating dentist near you, use our Find a Dentist tool at deltadentalri.com.

How to Find a Dentist

When you choose from Delta Dental's extensive network of dentists, you're sure to find one that's right for you. Visit deltadentalri.com to use our online Find a Dentist tool. You can see if your current dentist is in our network or look for a new participating dentist by searching by name, location or specialty. Enter your address or other criteria important to you (extended hours, languages spoken, etc.), and our tool will return a list of participating dentists that meet your needs – as well as maps and driving directions.
